ACTIVE ALL AROUND.

No Decline Noticed in the Condition of Legitimate Trade.

THE IRON BUSINESS IS BOOMING.

A Large Number of Furnaces Have Been Put Into Blast.

The Government Crop Reports Insured a Lively Movement in the Interior.

General trade continues to be reasonably active in all branches. The only ominous feature is the fear of a stringency in the money market. Iron, in particular, is in a flourishing condition.

(SPECIAL TELEGRAM TO THE DISPATCE.) NEW YORK, October 11 .- Special telegrams to Bradstreet's indicate that the volume of general trade remains as active as previously noted. The outlook for the autumn's trade is quite favorable, as are weather and crop reports. These facts, together with the rapid movement from growers' hands of cotton, corn and wheat, stimulate the interior demand for staple products, which, in consequence, are notice-

It is now announced that the Alaska salmon pack will aggregate 500,000 cases instead of 400,000. Conflicting reports of effects of frost unsettle the Kentucky tobacco markets. Live hogs have advanced on markets. Authracite is in improving de-Although financial pressure has

eased up SPECULATION IS HESITATING

and bearish, and manipulation produces cendy declines. Atchison and the trust stocks are particularly unsteady and constantly demoralize the general prices. Bonds are dull and fairly firm. Money at New York is quieter, and call loans are down to 6@7 per cent, having been this week as low as 5 per cent. Foreign exchange is firmer on increasing inquiry, due to lower interest rates. Demand sterling, \$4 86%

The iron market shows additional iron appears imminent, which may cause more stacks to blow in soon. Steel rails have sold at \$1@2 over quotations of three weeks ago, \$31@32 at the mill now being bottom

prices. About 300,000 tons have been tracted for this week.

Structural iron and steel mills are oversold, and beams and channels are 3-10c higher. Nails are 10c higher, and soft steel is advancing. Copper has been in better de-mand and the market a little stronger, but prices remain under 11c for lake ingots. Stocks at home and abroad are slowly de-creasing, but production at home is active, the lake mines turning out 41,000 tons in nine months of the year, against 39,000 tons in a like portion of 1888.

WHEAT AND PLOUR. The New York flour market has been ex-

traordinarily active, particularly for export, and more business would probably have been done if freight room were available. Large consignments from Western mills have gone abroad. Prices went up 10c, but lost it on Friday's decline in wheat. Speculation in wheat favored higher prices early in the week, as the free interior movement appeared to fall into strong hands.

The Government wheat report was construed to mean a crop of nearly 500,000,000 bushels, and caused heavy speculative excitement, resulting in leaving off where it ended last week. The movement of corn continues heavy and with depressing cables has affected prices. Export supplies exceed freight room offering.

Western dealings in hog products, with sharp price changes, were restricted. A fight between Chicago speculators over attempted deliveries on October contracts is a feature of the corner there. Western steam lard is fairly active and 1-5 cent higher. Kentucky planters claim the frost damaged leaf tobacco an average of 19 per cent, but buyers consider the damage nominal. Raw sugar is off 3-16 cent on account of depressed markets here and in Europe. Offerings continue free and requirements moderate. Late crop reports do not favor a return of high prices. Refined sugar is 1/4 cent lower. Coffee has declined 3 cent in speculative lines without heavy transactions. Brazilian crop reports are quite favorable. In distributive channels coffee is fairly active at 16 cent reduction.

THE WOOL MARKET.

Holders of wool "are not pressing stocks upon the market, and buyers are not an-ticipating requirements to any great extent. Demand is only moderate and prices are There is no speculative interest manifest. Woolen clothing manufacturers Wilson Migare preparing to demand higher prices on Pittsburg. heavy weight fabrics the coming season. The general dry goods market is strong, with a fair degree of activity. The exception is found in print cloths, stocks of which are increasing. Prices are 1-16c

Business failures reported to Bradstreet's number 243 in the United States this week against 188 last week and 195 this week last year. Canada had 28 this week, against 30 inst week. The total of failures in the United States since January 1 to date is 8,737, against 7,671 in 1888. R. G. Dun & Co.'s weekly review of trade

says: The Government crop report was very encouraging, but the loss of gold by the great foreign banks—over \$1,100,000 by England, \$4,000,000 by Germany, and \$4,-200,000 by France—was large enough to increase apprehensions of monetary pressure. Large shipments went from London to Brazil and Egypt.

OPPOSING INFLUENCES.

These two opposing influences ruled the markets during the week; crops are large, and business heavy, and the commercial outlook most favorable, but money is committed to the commercial control of the paratively close, and there is a possibility that it may be closer yet. At New York thus far there has been no increase, but rather a relaxation of pressure, and foreign exchange is unaltered since last week. The outward movement of products is large, exceeding last year's by 16.7 per cent, while the increase in imports is but 3 per cent. Large foreign investments of capital in American industrial enterprises are reported, and of late no considerable foreign selling of securities. But the movement of money to the interior continues large, the Treasury alone forwarding \$525,000 on Thursday.

Reports do not indicate increasing pressure in the interior money markets, and the mand is active at all cities reporting, the supply at nearly all is ample, and the anti-cipated rise in rates at Chicago does not yet occur. The volume of trade is increasing at nearly all interior points reporting, and this involves a larger demand for money. The bank clearings last week were 2½ per cent larger than last year at New York; 2 per cent smaller at Boston. Philadelphic cent smaller at Boston, Philadelphia and Chicago; the decrease being large at Chi-mago, but 11 per cent larger at all the other cities taken together. This increase at points where speculative activity has least indicates a greater volume of legitimate business than bas ever been rerded at this season in any previous year, and the heavy railroad earnings, 10 per cent above last year, for September, tell the same

AMONG THE INDUSTRIES.

The great industries are making progress. Several more fornaces of the largest size have gone into blast since October 1, and the weekly output on that date was over 150,000 tons, against 130,000 tons a year ago, an inper cent for the year. In spite of this enorper cent for the year. In spite of this enormous production prices are not only sustained by consumption, but are slightly advanced, though Southern iron is still sold the favor of pulpit, press and public.

here below \$17 for No. 1, while \$17 25 to \$18 50 is quoted for Northern.

Bar iron is in better demand; structural and plate works are crowded, and sales of rails within ten days have reached 250,000 tons, many large companies having made their annual contracts for renewals of track. Sales of wool at Boston have been 2,158,000

pounds, and more demand is seen there, but less at Philadelphia, where concessions in prices are still thought necessary. CROPS ALL RIGHT.

The Government crop report was rather a surprise to many, as it shitted wheat esti-SOME FEAR OF A MONETARY PRESSURE. inates from "a fraction over 12" to 12.8 bushels per acre, making the probable yield not much below 500,000,000 bushels. The corn report indicates the largest crop ever raised, and the same may be said of cotton, with the proper reservation that early frosts may yet greatly reduce the outcome. With heavy crops business in all departments will be stimulated, and at the same time the demand for money will be increased. Pork products are not much changed, coffee and sugar a little weaker, oil and the minor metals substantially un-

> Another indication of the general pros-perity is seen in the large sales of boots and shoes, though prices were never so low at any previous time, and leather, just now quoted firm, is as low as at any time in 35 years. The coal trade is disappointing, and actual prices are much under the schedule, while wages are said to be 10 per cent lower than a year ago.

TRADE AT PITTSBURG.

At Pittsburg, however, the trade is improving, and the glass trade good, and fac-tories of all kinds better employed than a

year ago.
In the stock market there was a decline until the 7th, then some recovery, and on Friday another sharp depression, partly due to continued weakness on trust stocks, but more largely to monetary pressure, and to the more threatening state of controversies at the West upon rates. The comparatively higher prices of the product in Western slow movement of grain at present prices railroad stocks is so far free from public interference, and in such strong hands, that serious depression has not been generally apprehended.

The business failures during the last seven days number 214 as compared with 206

FIGHTING FOR POSSESSION.

Any Number of Persons Rendy to Care

for a Young Heir. KANSAS CITY, October 11 .- The Court of Appeals to-day listened to the argument strength, and an advance of 25 cents for pig in the case of O. F. Garrison against Caroline Lyle, which involves the custody of a 7-year-old boy, the heir to a great fortune. Lyle Garrison's mother died in St. Louis, in 1888, and Cornelius Garrison, his father, died two years later. Caroline Lyle, the boy's grandmother was appointed executrix of the estate by the Probate Court of St. Louis, and O. F. Garrison, the boy's uncle was appointed to the same position by the Probats Court of Jasper county, where he alleges he took up his verificance time representations.

his residence two years ago. Mrs. Lyle was given the custody of the boy in St. Louis, but he was abducted by his uncle shortly afterward. Mrs. Lyle brought suit to recover custody of the child and won her cause in the Jasper County Circuit Court. It was Mr. Garrison's appeal from that decision that was heard to-day. The case will be taken to the Supreme Court whichever side wins.

A Mad Dog Scare at Lima.

SPECIAL TELEGRAM TO THE DISPATOR. Lina, October II .- A mad dog scare broke out again here this afternoon. Two children were bitten by mad dogs, but both dogs were captured by police and killed. Frank Bogert, Syears of age, the first victim, is suffering intensely, while the other, a 2-year-old son of John Landeman, was not badly hurt.

A Word About Plush Garments. There are plush garments and plush gar-ments, just as there are silks and silks, horses and horses, pictures and pictures. At Kauf-manns' you will find the superior qualities only. They are all made of genuine English seal plush, and will wear and look nice for years after the trashy goods sold in many stores have been relegated into the obscurity of the rag closet. And yet, owing to their

unequaled purchasing facilities, Kaufmanns' are in a position to sell their fine plush garments at as low and lower price than you have to pay elsewhere for much inferior qualities. Here are a few examples: Fine silk quilted seal plush jackets at \$9, \$10, \$12, \$14, \$16 and \$18. Exquisite and elegant English seal plush sacques at \$12, \$16 and up to \$55. Seal plush wraps from \$14 up. Seal plush newmarkets, dolmans, mantles and other fashionable long garments at ortionately low prices. KAUFMANNS' CLOAK DEPARTMENT.

ROASTED TO DEATH

A Mother and Three Young Children Perish in the Flames.

ANOTHER FATAL RAILWAY WRECK

The State Forces Are Finally Withdrawn

the cook stove to turn off part of the gas. He unintentionally shut the throttle tight, and on reversing it again the house was filled with gas and an explosion followed, and in an instant the house was in flames.

The three boys and mother tell prostrate on the floor overcome by the gas. Mr. Daily rushed out of the house to call for assistance, but all efforts to save the unfortunate inmates failed. The house was entirely consumed in a few moments. The charred and blackened bodies presented a most sickening sight. Mrs. Daily's limbs were burned from her body and her flesh was cooked

to the bones.

The three sons were not so horribly burned last week, and 192 the week previous to the last. as their mother, but their blackened bodies could not be identified until placed side by side. The gas pressure was very strong, the pipe running direct from a neighboring oil well to the cooking stove. Mr. Daily is severely, but not dangerously, burned about the head and face, and is almost crazed with grief.

AN ENGINEER'S MISTAKE.

He Misunderstood the Orders and a Wreck Was the Consequence.

SPECIAL TELEGRAM TO THE DISPATCH.1 WHEELING, October 11.-An engineer's misunderstanding of orders was the cause of a terrible wreck on the Cleveland, Lorain and Wheeling Railroad near Bridgeport, O. This morning at 620 o'clock freight engine No. 30 coming south ran into a "work" train carrying 100 miners to Wheeling creek mines. The en-gineer of the freight had orders to lay at the mines until the "work" train arrived. But in-stead of doing so started to run into Bridgestead of doing so started to run into Bridgeport. A man living near the track, seeing that
an accident was inevitable, signaled to the
"work" train, which was coming in an opposite
direction at a rapid rate, and the engineer succeeded in slacking his speed considerably.
This probably averted great destruction of
life. The engineers and firemen on both engines jumped and escaped injury. A number
of the miners also jumped, and nearly all were
bruised somewhat, while about a dozen were
seriously hurt. Two of them, David Moore
and Lawrence Tracy, will probably die. The
engines of both trains were completely demolished, and several cars were badly wrecked.

THE END NOW REACHED.

All the State Forces Have Quit Work at Johnstown.

SPECIAL TELEGRAM TO THE DISPATCH. JOHNSTOWN, October II,-The State forces have quit their work here and will be paid off to-morrow. An average of three or four dead bodies has been recovered every day since the forces began working in the river, and the people here feel that it is wrong to quit at this

Time.

The widows in classes 1, 2 and 3 have all been paid, and Secretary Kremer says that he will been paying the others within a few days. The divers who are removing the debris at the damaged pier of the stone bridge are now working under 12 feet of water. They find a great deal of debris so entangled that it is hard to remove.

MONEY FOR STATE WORK.

The Young Men's Christian Associa Will Look After the Vineyard. PEPECIAL TELEGRAM TO THE DISPATOR. I

NEWCASTLE, PA., October 11.—The second day's session of the Young Men's Christian Association has been a successful one in point of interest and attendance. About 500 dele gates are now present.

A song service was held at 9 o'clock, and the devotional exercises were combined. devotional exercises were conducted by A. N. Wylie, of Scranton. It was decided to raise \$1,000 at this convention as a fund to pursue

RELIGIOUS DEBATE.

A Catholic Priest Will Answer a Strong Methodist Resolution.

ISPECIAL TELEGRAN TO THE DISPATCH.1 MASILLON, O., October 11.-Roman Catholic circles here are much agitated over the recent decision of the Methodist Conference held here that "Romanism is more dangerous than anarchy or socialism." The resolution was anarchy of socialism. The resolution was passed by a big majority.

Rev. John Cahill, the successor of Father Harks, comes out with the announcement that he will answer the charge in a series of lectures. The first will be held in the Catholic Church Sunday evening. Much interest attaches to the discussion.

INFECTAL TELEGRAM TO THE DISPATCH.

Damaged by Railrond Discrimination ZANESVILLE, O., October II .- The Standar Coal Company, which owns and operates about 600 acres of coal land in this and Perry county has brought suit against the Cincinnati and Muskingum Valley Raifroad Company for damages amounting to \$55,000. The petition alleges that on the 1st of June the railway com-pany began to discriminate against the plaintiff, pany began to discriminate against the plaintiff, not giving them cars required to transact their business. August 1 the railway company refused to furnish cars altogether

A Babe in the Woods.

[SPECIAL TELEGRAM TO THE DISPATCH.] UNIONTOWN, October 11 .- A 5-year-old son of Mr. Myers, in Salt Lick township, strayed from his home into the mountains several days ago.

Hundreds of people searched for the little ones day and night, and on the third day he was found dead in a pond near Valley Mills. The child had wandered miles through dense wood and undergrowth, and perished from hunger and exhaustion.

Gored to Death by a Bull. CARLISLE, October 11. - The 12-year-old daughter of Mr. Rudabaugh, living near this city, was to-day gored to death by an infuriated bull. Another child was severely injured.

NEW ADVERTISEMENTS. "SAYING AND DOING ARE TWO THINGS."

This old and true adage very aptly illustrates the difference between certain Pittsburg advertisers and

KAUFMANNS

If words, instead of actions, decide the merit of make or merchandise, then we are willing to take a back seat and leave the field to loud mouthed competition. The fact is much sense, but more nonsense, has lately been printed about

OVERCOATS

Dealers whose very name is a synonym for all that is shoddy, trash and cheap Johnism brazenly claim to have the finest and most stylish garments in town; others who show one style where we show ten, or ten where we show a hundred, have the "cheek" to advertise "the largest assortments," while still others, whose figures we discount from 15 to 30 per cent, actually have the "gall" to announce their prices the lowest

in the city. The people, however, are not to be hoodwinked by high-sounding pretensions of unscrupulous advertisers. They very well know that Kaufmanns', although they are not given to "blowin' their own horn" continually, serve the interests of their customers so much the better. And nowhere is the truth of this more apparent than in Kaufmanns' grand bargains of Men's Overcoats. Read the following few:

MEN'S GOOD OVERCOATS at \$7 50.

The trimmings and sewing are true on every one of them; materials durable and stylish; colors light, medium and dark; one line is silk faced. We have over 2,000 to choose from and all sizes. They equal in every respect those sold elsewhere for \$10. At \$7 50 they are rapid sellers. Like the men we speak of you would be surprised to note how much style, comfort and wear you can get for so little money.

MEN'S FIRST-CLASS OVERCOATS at \$10

No one else in town pretends to sell you a \$15 garment for \$10; yet we actually do this very thing, which accounts for our enormous trade on garments at this popular price—grays, tans and browns and dark colors are shown you. Stylish and wear-resisting Cheviots, Worsteds and Cassimeres, either plain or with silk facings and sleeve lining, are offered for your selection. Every garment is made in the best of manner and as good as any sold in the other stores for \$15. Sizes to fit all.

MEN'S EXTRA FINE OVERCOATS at \$15

Grand assortment offered you at Fifteen dollars-light or dark, quiet or gay, stunning or plain. Probably a hundred different styles are here. 'Twould be 500 if it were necessary to have everything required, but it isn't. Not a material, not a shade, that is stylish or desirable is missing. "Everything for everybody" aptly describes our elegant dis-play at \$15. Silk lined Cheviots, beautiful Worsteds, splendid Cassi-meres, made up so handsomely that they look like twin brothers to the garments which cost \$40 in merchant tailoring stores. Not a garment offered at this price but what is sold you at \$5 less money than they can be bought elsewhere.

Section 2—That any ordinance or part of ordinance conflicting with the provisions of this ordinance be and the same is hereby rethis ordinance be and the same is hereby rething ordinance be an ordinance be an ordinance be an o

It is wonderful how quick the news of our beautiful stock has

traveled. It seems as though every lady for a hundred miles around has been awakened, aroused and interested by our efforts to give to Pittsburg a real Metropolitan Cloak Department—a place where the ladies can select the latest and finest styles just as easy as in the first-class houses of New York, Boston or Philadelphia. Of course, this spontaneous cooperation on the part of the ladies pleases us beyond expression and

tends to stimulate us to still greater efforts.

Our imported Tailor-made Newmarkets, Wraps and Jackets are the center of attraction. Every lady should see them. They are marvels

of elegance, style and cheapness. KAUFMANNS

Fifth Avenue and Smithfield Street.
